## Description

**Note: ProMax name is now ProLine.**

The ProLine® Lowboy Side Connect electric water heater is designed to take up as little room as possible and is the ideal choice for when installation space is limited to tight spaces such as under counters and in crawl spaces. With a 28-gallon tank, the ENJ-30 delivers a first hour rating of 40 gallons at an Energy Factor of 0.95. The sacrificial anode helps protect the tank from the corrosive effects of water, and is accompanied by a 6-year limited tank warranty.

### Blue Diamond® Glass Coating

Provides superior corrosion resistance compared to industry

### Just right

The tankless water heater I installed in my attic didn't work. I had to find a water heater that would fit in a small space but deliver enough hot water for a one bedroom, one bath apt with a washer dryer. This water heater fit the bill. Has been great. No problem with running out of hot water. I wanted to go tankless but this compact water heater has exceeded my expectations.

### Bottom Line

Yes, I would recommend this to a friend
